

SDS

SAFETY DATA SHEETS

Do you have questions about the chemicals in your workspace?
Check the SDS!

1. Scan the QR code below.
2. Search by product name or other identifier, like manufacturer or item number.
3. Select the SDS sheet you need. It's that easy!

If you can't find a sheet you need, email your NBCUniversal Health and Safety team at Theatre.Safety@NBCUni.com.

A safety data sheet (SDS) will display:

- Properties of each chemical
- The physical, health, and environmental health hazards
- Protective measure and necessary PPE (personal protective equipment)
- First aid measures
